EXPERIENCE

FRONT-END SOFTWARE ENGINEER, Seattle, Washington

Freelance, March 2022–Present

- Provided support for end users by resolving issues related to deployed applications.
- Collaborated with other developers to integrate multiple systems through APIs.
- Maintained databases by writing complex SQL queries and stored procedures.
- Utilized object-oriented design principles to develop high-quality software components.
- Developed and implemented software solutions utilizing Agile methodology, JavaScript, HTML, CSS and React.js.

SOFTWARE DEVELOPER, New York, NY

Discovr.y, October 2018–February 2021

- Collaborated with other software developers on design, development and testing of programs.
- Designed and implemented various web-based applications for clients.
- Communicated effectively with technical and non-technical audiences, translating complex technical concepts into clear and concise language.
- Leveraged version control systems like Git for code management, collaboration, and efficient project history tracking.
- Debugged and resolved software issues efficiently, minimizing downtime and ensuring application stability.

WEB DEVELOPER, Provo, Utah

DevMountain, January 2018–July 2018

- Developed custom websites to meet individual client needs.
- Created clean, well-documented custom code and updates.
- Leveraged mastery of HTML, CSS, and JavaScript to build top-quality code for diverse projects.
- Implemented responsive design principles to ensure mobile compatibility of websites.
- Designed wireframes based on user stories to visualize functionalities before implementation.

FRONT-END DEVELOPER, New York, NY

Media Coalition, May 2016–January 2018

- Developed and maintained user-facing websites using HTML, CSS, JavaScript, and ReactJS.
- Created UI components with reusable codes for a better user experience.
- Used version control systems such as Git to manage source code repositories in a team environment.
- Applied best practices in coding standards, semantic markup, and SEO optimization techniques.
- Built custom widgets to enhance user engagement on webpages.

ASSISTANT WEB DEVELOPER, New York, NY

Korea Society, August 2015–May 2016

- Utilized jQuery to create dynamic user interfaces for websites.
- Worked closely with project managers to meet deadlines for development tasks.
- Built custom tools and scripts to automate common tasks.
- Conducted research on emerging trends in web development technologies.
- Maintained version control software such as Git or SVN for source code management.

EDUCATION

CERTIFICATE IN FULL-STACK WEB DEVELOPMENT, Provo, Utah

DevMountain, April 2018

BACHELOR OF ARTS (B.A.) IN POLITICAL SCIENCE AND GOVERNMENT/ECONOMICS, Waverly, IA

Wartburg College, May 2011
